

## Mini Crawlers

Used Mini Crawler Pomona - We have designed various programs for Mobile Crane Operation at our Crane Training Schools. These programs are recommended for the experienced operator who needs re-certification or certification, and for inexperienced operator who is searching for a job in the business. Positions for crane operators are in demand because of their high rates of pay. Crane operators are among the highest paid of any operator of heavy equipment. Our Crane Operator training provides instruction for a variety of mobile cranes. Course content comprises Wire Rope, Crane Set-up, Lift Planning, Load Dynamics, Load Charts, Rigging, and Signaling. The Crane Training School program is best for riggers, supervisors and operators. Course materials consist of a manual and informative hand-outs. The illustrated safety guidebook consists of one hundred to two hundred fifty pages, depending on the course, of essential and helpful material. Course materials comprise load exercises and load charts for the crane with which the trainee is working. Hands-On Safety Training would take up more than half of the course curriculum. The practical training part is the most useful method to improving and developing personal skill levels. Only certified journeyman crane instructors are chosen to teach the courses. Our instructors have numerous years of experience in the business. For all the course we provide, we could include optional testing mechanisms to customize your training. A skills test is generally administered for programs that consist of H.O.S.T. Individuals training would be tested and graded. We offer certified training programs for the following cranes: Fixed and Swing Cab Mobile Hydraulic Cranes; Lattice Boom/Crawler Cranes; Articulated Boom/ Knuckleboom Cranes; Rigging / Signalperson Certification and Training; In-The Seat Training and Certification & Testing. Industry standards of practice are changing as new industry requirements emerge. There are constant updates to legislation and regulations. Enhancements in technology and equipment continue to be made. Industry data analysis and collection identify trends which are changing. Members maintain the advantage of managing their training programs and certifications. Mobile device alerts keep members ahead of personal and workplace safety news.
